

Testing (from webserver)

Browser 1 (Google Chrome)

Opening

Creating new user

A screenshot of a web browser showing the 'Sign Up Form' of a web application. The browser's address bar shows the URL 'web.socem.plymouth.ac.uk/isad251/MWilson-Slider/Application/Website/NewFamily.php'. The page has a green header with the text 'Sign Up Form' and a 'Cancel' button. Below the header, there is a paragraph of text stating: 'This form is for one person, once signed up you can add more members to your family when you have logged in.' Below this text, there are four input fields: 'First Name:' with the value 'Lasttest', 'User Name:' with the value 'finaltesting', 'Password:' with a masked password '*****', and 'Confirm Password:' with a masked password '*****'. At the bottom of the form, there is a 'Submit' button. The browser's status bar at the bottom shows 'Not secure'.

Validation

In the above screenshot Password contains “finaltesting” and Confirm Password contains “thisiscompletelynothingliketheactualpasswrord”

Adding

A screenshot of the 'Adding' appointment form. The page has a green header with 'Welcome Lasttest', 'Log out', and 'Add New Family Member' buttons. Below the header are three buttons: 'Add Appointment', 'Edit Appointment', and 'Delete Appointment'. The form is titled 'List of upcoming appointments:' and includes a table with headers 'Who For', 'Where', 'Time', 'Date', and 'Note'. To the right of the table is a 'Who For:' dropdown menu with options '-- Please Select Family Member --', 'Lasttest', and 'Testingjr'. Below the dropdown are input fields for 'Time:' and 'Date:'. At the bottom is a 'Submit' button.

Browser 2 (Internet Explorer)

In this browser the webpage losses the overall look, but the page works as before. Due to the speed of the webpage, I will not demonstrate this, but the webpage can be opened in another web browser.

Browser 3 (Microsoft Edge)

In this browser the webpage retains the overall look, and the pages work as expected the page works as with google chrome. Due to the speed of the webpage, I will not demonstrate this, but the webpage can be opened in two web browsers.
